THE PREZ SEZ

The Field Day week-end brings out a lot of people we haven't heard from for a while. In fact if some one were to do nothing but log all the stations heard on Phil-Mont Channel one, I think the numbers would be next to phenomenal for one frequency! It doesn't start just with 5 PM on Saturday either! Several days previous you can hear the preparations, not just Phil-Mont preparations but most of the other area groups as well. It does your heart good just to see what a gathering frequency has established.

I don't believe there is anything quite like it anywhere else in the country. How did it get that way? Maybe Field Day is responsible; maybe its' our Sunday ten on ten; maybe its' the mobile operation on the frequency. Most likely its' all of these and the results are most apparent on Field Day.

There are none in the Phil-Mont area who get on ten meters on Field Day who don't arrive at the same conclusion! If you want to make contacts--go to Phil-Mont Channel One! Let's see why. Suppose there are six Phil-Monters on the way to or from the Field Day site. Suppose an equal number are in their cars at choice fixed locations. Twelve stations are on the air, each trying to work the other--132 separate contacts. A few from other groups tune across this bedlam of heterodynes and hear how these 132 contacts are being racked up! Soon there are 20, then 30 stations making contacts as fast as they can log them.---On Phil-Mont Channel One.

Amidst this someone needs directions to the site, the group, which is quite large by this time politely stands by since they recognise that such things are what made this channel great.

Even at 2AM on Sunday morning when I had a flat tire these eager Channel One contestants stood by while I got directions to an open gas station for some air---not hot air.

It was fun just to listen--even more fun to get in there and pitch. To hear all the other clubs congregate on what we like to call "our" frequency was one of the best testimonies to our effectiveness. The members who have divided loyalties with other clubs as well as those clubs who have not connection with Phil_Mont were all in there using the frequency as it should be used.

Phil-Monters should be proud of such an accomplishment---regardless of any score we might make in the Field Day contest.

A great time was had by all---were you in it?

C. M. Snyder W3NLP

FIELD DAY

2nd June broke as a chilly and rainy day, it looked as if we would surely have to curtail much of the planned activities and mobile operation would handle the bulk of Field Day.

Fortunately the rain was short lived. The weather cleared up nicely and the sun came out, so that by the time I arrived at the site things were humming. Antenna's were going up, a refreshment tent was established, the trailer was set up. W3QZQ was taking pictures, K3KUD, E3GNW, K3GBA, W3JPP, W3JYA, W3CHZ, W3EQV, W3NIP, W3YJM, and W3PWG were working on antenna's. W3YHV was directing things, K3GNW was running around for ice, food etc. W3QQH was getting the putt-putt on the business end of things. Many of the fellows brought along their sons to assist. Unfortunately I had little time to spend at the Field Day site. My wife had fallen down a flight of stairs and was badly bruised. Many other Phil-Monters came and went during the two days all doing their bit. To these unknown soldiers I apologize for not getting their calls listed in this article.

I think from opinions that I could collect everyone enjoyed this Field Day more than the mobile type that had been run in the past two years.

To Mary and Mae who worked in advance of Field Day getting the spaghetti sauce and meatballs, which I stored in my freezer and didn't get the chance to taste, and shrimp sauce prepared, the club wishes to thank both of you very very much. Thanks so much girls!

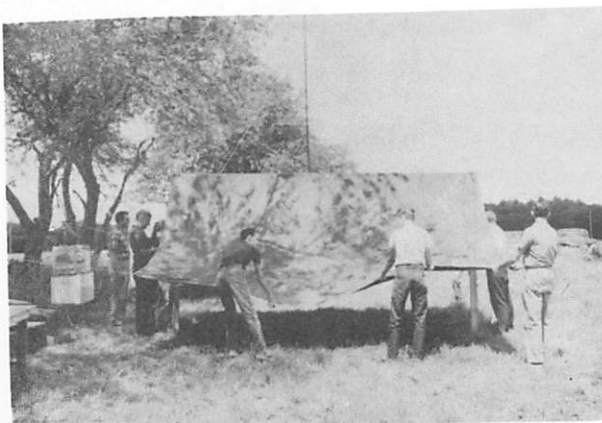

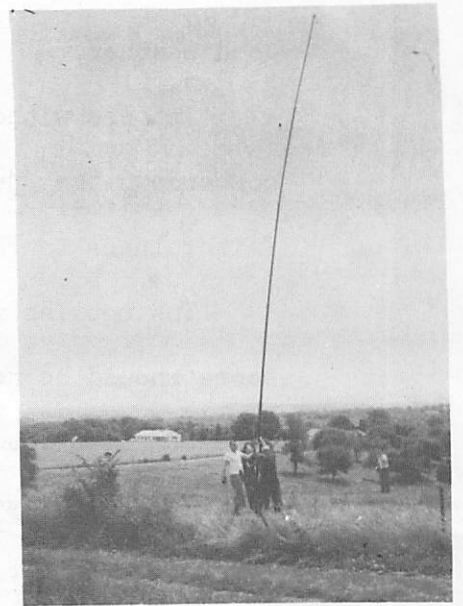

Win or lose a good time was had by all. It will now be interesting to see which of the Phil-Mont teams win the dinner.

Thanks to Bill, W3YHV for a job well done.

W3ZPP

DID YOU KNOW (K3BGW Delmont Rag Chew)

The proverbial man of success must be a contortionist. Putting his best foot forward, he has to keep his back to the wall, his ear to the ground, his shoulder to the wheel, his nose to the grindstone, keep a level head and then have both feet on the ground.

To the Phil-Mont Field Day Gang!

I would like to thank all of the fellows who gave their time and effort to make Field Day a real one. "YJM" was complaining about his "House-Maid's" knees, but his prayers were answered for good weather.

It goes without saying that the workers in the club are to be commended, they just seem to have an unending supply of drive and faithfulness to Phil-Mont which makes us a club to look up to.

The mobiles were really out there every single minute and the score should be real fine, except that we are most likely going to have D&G free loading on the Field Day dinner.

For all of you that have given of your time to run up the mobile scores please get your F/D logs in, so we can utilize every contact to make the club total as high as possible.

COMM TRUCK GETS NEW LOOK

On 17 June six Philmonters got together and gave the Red Truck a good (and much needed) cleaning and polished it. Those doing the work were Jim QQH, Bob K3KUD, Fred W3DJV, Charlie W3KJM, Emie K3CWJ, Al W3GIF.

Thanks fellows for a job well done, you have made Gumbaуди smile.

ALKALINE BATTERIES

RCA is now marketing a new Alkaline battery, supposed to outlast comparably zinc-carbon batteries yet sells at a lower price than premium mercury types.

Designed for use in radios, flashlights, photoflash, toys and electronic instruments.

PICNIC ANYONE? ? ? ?

Mt. Airy V.H.F. (Peck Rats) are holding their 6th. annual family day on 13 August 1961. Registration \$1.00 per family. Place--Fort Washington State Park, Flourtown, Penna. Follow the "Rat" sign on U.S. Route 309. Time 10:30 AM. Rain date 21 August. Fun--Games Prizes Talk- in frequency 50.2 -- 144.2 Call W3CCX. ALL WELCOME.

QSL CARDS

I hear the QSL cards are ready and were mailed from the printers this week. They were all mailed to W3YHV's. Contact Bill at the meeting for your cards.

MODEL AIRPLANE MEET

July 24 through July 30 is model airplane meets. Operators and mobiles are wanted to help out. Contact Jim, W3QCH if you would like to help. WE NEED YOU.

BANQUET

A committee has been appointed to look into facilities for our Annual Banquet held in November. If you have any preferences as to where you would like to have banquet make your choice known now and they will be taken into consideration.

PHIL - MONT GOES AERONAUTIC

Those of us who attended the June Meeting were well repaid for attending. W3QCV Laurence, presented a very informative and entertaining history of the helicopters, The part he has played in their design and making. I am sure that each of us who were there glance up into the sky at the helicopter with a new and more appreciative look.

QST SUBSCRIPTIONS

Lloyd, W3CDY has now received the required ten subscriptions to start the ball rolling on the subscription deal with ARRL. Those of you who have paid your money can begin to look for your copies in the mail. Anyone desiring to join this plan can do so by getting in touch with Lloyd. Remember you benefit, the club benefits and everyone is happy.

BASIC FIRST AID (Automobile accidents)

Prepared by the American National Red Cross in cooperation with the American Automobile Association.

1. Do not move an injured person, unless there is immediate danger. If you must move him pull him by the feet or shoulders while others support the trunk & head, do not roll or twist the body.
2. Stop bleeding by pressing against the wound with a clean cloth, hold until bleeding stops.
3. If victim is unconscious, even temporarily, suspect head injury. Keep him quiet, if you must move him keep him horizontal.
4. Shock is present in most injuries, keep victim lying down, comfortable, watch those who insist on walking about.
5. Burns are wounds, exclude air to relieve pain, cover with clean cloths,
6. Stoppage of breath, compress and expand the size of chest alternately clear mouth and throat and keep them clear.
7. Chest injuries limit motion of chest, place wide strip of cloth snugly around lower ribs. do not tighten.
8. Fractures, keep broken bone ends from moving, keep joints above and below broken ends from moving.
9. Call police as soon as possible.

CHANNEL CHATTER

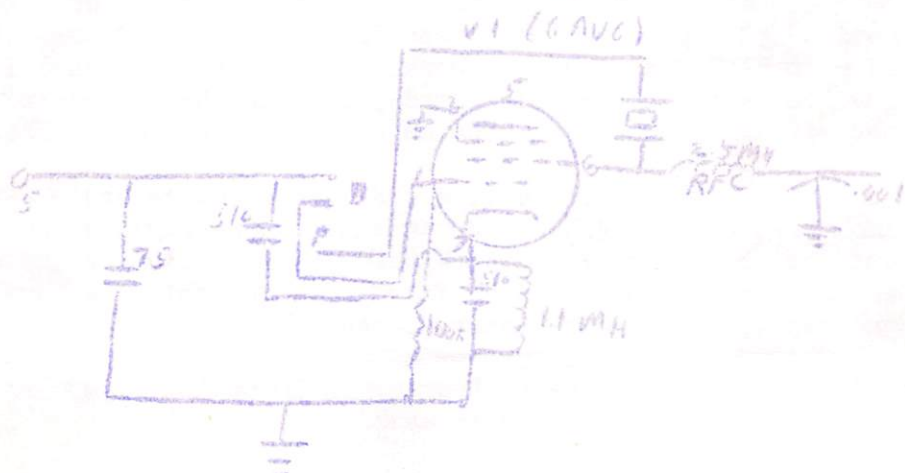

K3GMM allegedly caused the 520 gang to operate 5 kc high, when a key member of that other net zero-beat him---Wels(TKQ/DYP) picking on Mason---LEM replaced filter capacitors in his 300 to get rid of the hum---Bill, W3ITZ now has a ground plane 45' in air out at Malvern, which is translated to mean somewhere near where LNQ works and out beyond AK, on the other side of Lancaster Pike-- we gratefully acknowledge receipt of an invitation to visit the 28th National Radio and Television Exhibition at Earls Court, London, England from 22nd August to 2nd September, (except Sunday)---K5CNT/mobile 3 (NED) visited with us for a few days and said he appreciated the many courtesies he received on Channel 1--YHV and GMM are appreciative of being called "boys" by YJM---YJM visited Charlotte on a project briefly--K3HLJ making ETA's acquaintance--DJW complaining of hash in K3CRW's newly installed Messenger Mobile--- DYP working QCV/M from 19th and City Line with tri-band vertical---RQZ/mobile at Springfield Memorial Day observance---RKQ didn't recognize Pixie's voice at the mike--you ought to get on more, George,---Did you know that there are nearly 100 concerns making electrical and electronic connectors?-source Barron's---The military need a low energy reliable switching device (5000 ergs maximum) capable of at least 100 reliable operations--SRU reported that K3MBF/ aero mobile worked back home on Channel 1 with 5 watts from Jacksonville---Will fuel cells someday replace the putt-putt?--ESB, GE and Allis-Chalmers are among those working on such power sources---Thanks to W3UMK for the above .

K3GBA checking out his mobile mike and is now mobile again---W3KSG is a two mobile Philmonter---W3IVD and K3GJC dropped us a line say they could make the picnic on 9 July but not on the 16th.---Gil, W3SRU also took time out to drop us a line and included the May and June issues of the "3-W Scribbler" a very well done citizens band paper, thanks Gil---sorry I had to miss mid-month but was out of town again, I know W3DJW must have been a fine host---K3KUD sporting a new Channel one monitor QQH style---W3IW heard checking in 10 on 10, nicegoing Bob---the W3CUB's down south---W3VKN showed up at a June meeting.

JULY PROGRAM

For July meeting John, W3AWH, has arranged to present two very fine films. These films are in color: one is on Echo 1 Satellite and the other is on "Acutron" and Electronic time measurements. Both of these films should provide an excellent sequel to the fine program Tom Denham, W3DD, presented at the April meeting.

DID YOU NOTICE HOW POPULAR 29.493 WAS ON FILED DAY.
